How do you spend your free time?

I spend my freetime surfing the net and documenting my travels and thoughts.

D: Essays

Describe how you see yourself 50 years from now. What profession / career do you see yourself in? What would you consider your greatest accomplishments by then? How do you see yourself improving the lives of your family, community and your country?

Please describe in 150 to 200 words what you WOULD LIKE to answer:

I see myself as a retired computer engineer and journalist that have worked with industry insiders in particular fields. To improve my innovate skills and relations as a professional.

more

I will form a brand and design firm with offices here in the Philippines and around the world where I can use my abilities to solve problems experienced by start-up and corporate business clients.

In my spare time, I will write for our local newspaper as a columnist, tackling problems in our society and offering solutions for everyone's welfare.

These are all possible once I finished my masteral degrees for the respective professions I'm in.

Through the knowledge I have acquired from my education, I will be able to help improve the quality of life of my family, community and country in information dissemination and their media consumption. #

What are your (professional) ambitions, and how will secondary education help you achieve your goals in life (100 to 150 words).

I ~~aspire~~ to become a professional computer engineer and veteran journalist in the future, and with complete secondary education, I will be equipped with the needed skills and competencies to help me achieve my goals in the near future.

Which are your favorite subjects and why?

My favorite subject alone is English, but I find Science and Mathematics interesting too.

DECLARATION

I certify that all statements made in this application for admission, including all attachments are correct, and that my responses are my own. I authorize A.I. to verify any information contained herein, including but not limited to academic work, and extracurricular activities. I authorize A.I. to release information from this application and supporting documents on A.I.'s website and directly to potential donors or sponsoring organizations to permit my being considered for a scholarship.

FOR TEACHER TO ACCOMPLISH

Teacher's Recommendation for
(Name of student) Karl Emmanuel M.

Headmaster's / deputy's / class teacher's recommendation. Please explain why this student is exceptional.

I would like to recommend Karl, a student of Marikina Science High School to be part of your prestigious and well-known institution.

As a student, he is smart, a very competitive student and always excels in whatever ~~the~~ he does like class discussions, written and oral activities, individual and group projects.

With regard to his attitude, he upholds moral values, shows respect to the people around him especially to the authorities and elders. He did every ~~any~~ kind of work wholeheartedly without any complain that gives better / best result. He takes every opportunity for him to succeed in life.

In his extra-curricular activities, he's been active in THE SHOELAND, school paper of our school and English Club. He knows how to balance his time for his academics and extra-curricular activities.

A student that you can be proud of.
