F: ESSAY AND MOTIVATION.

Please imagine you are celebrating your 60<sup>th</sup> birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

I learnt at st Bernadette Mary school at my primary level. The environment was not conducive but all in all I thank God for helping me to achieve 313 marks and I was called at Bahari girls school. My parents had a challenge for paying my fees and by the grace of God I found the Aiducation international Kenya which took me to high school. After four struggling years I got grade A in KCSE I was much happy because my dream could come true.

The government took me to university of Nairobi where I studied the child's right and after 4 years I went back to the community. I helped a 13 year girl who was on the process of getting married to a 39 year old man. I told the parents that was not right and by the help of the government the wedding day we did public awareness educating them on the importance of education.

Now in our village there is no the tradition that used to be there of early marriages that used to shatter the dreams of young girls. I was given the Nobel for fighting childrens right and I decided to build an orphanage. That is why it is named Prisca saving home.
