F: ESSAY AND MOTIVATION.

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

I was born in Voi district, Taita Taveta County. I was brought up in a humble background. I started schooling in 2009 and in 2017 I completed my primary education in St. Stephens Academy. I attained 386 marks and I was called to join Murray Girls High School.

My parents didn't know where to get my school fees because they were casual workers and they earned a meager pay. Thanks to the Aiducation Kenya who sponsored me. I was soon able to join high school. After my 4 years of education I managed to score an A plain and joined Harvard University. I studied business and marketing and became a sales manager.

In my line of work, I worked with people who needed to expand their businesses and gain profit. I decided to set up some societies where I educated them on how to improve their businesses. That made my boss proud of me and gave me the highest position after him because my plan worked. After 30 years I retired. I helped my community by setting up social amenities and several institutions. This benefitted them a lot. The children achieved their dreams as well.
