F: ESSAY AND MOTIVATION.

Please imagine you are celebrating your 60<sup>th</sup> birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

I joined primary school when I was five years old. My parents did not have work by that time so I used to be sent home for school fees. When I reached standard eight things became so hard. My parents did not have anything. They would even deny themselves so that I would go to school. Despite the fact that life was so hard, I struggled and when I did my KEPE exam I got 365 marks.

My parents struggled and took me to a national school. In the school, I met Aiducation International which was providing scholarships for the needy students. I applied and finally God helped me. Aiducation International provided me a scholarship up to form four. In form four I did my KESB exam and got a Clean A and joined Nairobi University in Nairobi. My dream was to become an Agricultural officer so I worked hard and got a degree and I was employed by the government.

I educated my people in the Society on how to practice agriculture - I assisted them to know what kind of animals and crops is favoured by our climatic condition and those who listened to me they really benefited. Those who kept animals sold a lot of milk and improved their standard of living while those who planted different types of crops, ~~said~~ ~~them~~ they harvested a good harvest. They ~~sold~~ <sup>used</sup> some of them and kept some for home use. They appreciated me very much for helping them. I thank God because he helped me to achieve my dreams. I also thank Aiducation International for their support to me.
