F: ESSAY AND MOTIVATION.

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

- My life has been quite tricky especially when I was young. I was born and hailed in a constituency called Kariobangi where standards of living was quite low. My parents on the other hand would work hard to cater for my basic needs and education since I was the only child. Just when I was about to sit for my K.C.P.E, my parents were unable to garner some funds for my fees and so my parents called for a harambee, fortunately, the exercise was successful. My school fee balance was cleared and I sat for my K.C.P.E. I PERFORMED Exemplary well with a mark of 416.
- I was called to Mangu High school and since my parents didn't have enough funds, a 2nd harambee was called but this time around, we were unfortunate. No one responded. I almost gave up my dream of becoming a great architect when the sponsors from an organisation called, 'Aiducation international' showed up. They agreed to pay my fees for the four years without delay. I then schooled in Mangu High School, four years, and I sat for my K.C.S.E. Due to hard work and the will power to study smart, I learned a clean 'A'.
- Letters from the ~~Mirebi~~ Nairobi university were sent to me, I was amused because they stated that they have called me for a Scholarship for whatever career I chose to pursue. Immediately, I resumed my 7 year course and graduated with first class honours of Architecture.
- I resolved to use my knowledge to design schools, medical buildings and I took part in an urban development project, that would cater for the less fortunate in the society, to live comfortable ~~and~~ and ~~afford~~ affordable lives. ~~Indeed~~ Indeed, my grand daughters all that is well that ends well.
