Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

I was born in Wesa village in a family of nine people. Both of my parents were not employed and they used to sell some of their farm produce in order to succeed their daily needs and take us to school. I learnt at Wesa Pefa Academy. While I was learning in primary school I had some challenges of school fees payment. My parents sold some of their family wealth and took us to school. When I finished my eighth year in primary school, I did my K.C.P.E and I scored 351 marks. I was invited at Ribera girls secondary school. While in secondary school I went through challenges of school fees payment but luckily I got a scholarship of an organization called Aiducation. I was assisted and by the end I did my K.C.S.E and I got a mean grade of B+. I went to Kenya Medical Training college and studied nursing for three years. After that I graduated a diploma

After graduating I was employed at Kilifi District HOSP. and worked as a nurse. I served them by giving them the right medicine and explaining for them kindly what to do and showing them the right ways of taking drugs. During my freetime I did research of drugs. Soon I got different types of drugs of helping the expectant mothers to reduce pains.

When I was fifty-five years I went back to my community. I helped my people by serving them to my level best by building boreholes in order to get water that will make them to succeed their daily needs and to construct dispensaries that will help them to get near services and this made our community develop further.
