D: ESSAY AND MOTIVATION

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

I was born in Langoni constituency in Lamu county in a family of 13. I was enrolled in Tahdhib Muslim Academy where I sat for my K.C.P.E and scored 384 marks. With the help of Aiducation I joined Sheikh Khalifa secondary school and later scored B1 during K.C.S.E. After completing the 4 years of secondary school I joined Mount Kenya University studying as a teacher.

After completing my studies I received a job at Kaloleni primary school as a mathematic teacher I did my very best and made math a game and whoever wins would get a heavy prize. And through my determination I became successful by producing 20 A's in math during my first year. This trend continued for the time I was there I totally managed to change the tradition of performance of the subject in that school. I was also recognized as the best math teacher in the country for two consecutive years. I finally retired at the age of 60.

When I returned to my home village I found out that families were financial disturbed so I founded the Shueb foundation that based on helping high school students who had financial constraints with the partnership and organizations like Bidco Kenya. I merged to give 100 scholarship every year.

E: EXTRACURRICULAR ACTIVITIES

What do you like doing most and least, during your free time? Which games do you like? What other skills would you like to learn in secondary school?

During my free time I like to study science and exercise when tired.

My favourite games are football, handball, hockey and netball.

In secondary school I would like to learn how to paint and draw people faces without tracing.
