## D: ESSAY AND MOTIVATION

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

My dear grandchildren during my primary education life was not as simple as it is right now. I used to track several kilometres to and fro school. I could be sent home for fee hence helping my parents at their substantial work. In order to raise the amount for school. After seven years I sat for my K.C.P.E, my dream being to become an optician. This was because my mother had lost her eyesight while working at her farm. Due to insufficient facilities and opticians, she could not be properly attended to. What a pity! I was invited to join Chavakali High School. Due to lack of fee, I could not join. Luckily, I applied for Aiducation scholarship who paid my fee till fourth form. After four years, I scored an A and invited to join Maseno University which was the university of my choice to study Optical Surgery.

After graduation I was employed at Coptic Hospital (Private) and with the adequate facilities I worked satisfactorily recovering people's ability to see. I was also able to carry out the research hence developed a public eye clinic in every county to diagnose eyesight disorders and provide free medical check-ups and treatment until today I am retired, am happy that my research worked and eyesight problems in this century are being solved.

## E: EXTRACURRICULAR ACTIVITIES

What do you like doing most and least, during your free time? Which games do you like? What other skills would you like to learn in secondary school?

I like playing football during my freetime. However, I don't like idling around. When I get to Chavakali High School. I would like to learn how to operate a computer and also how to play guitar.
