**C: CAREER CHOICE AND ADDITIONAL INFORMATION**

What are your top three career choices and explain why these could be your career(s) of your choice:

1. An accountant  
 With the idea of SACCOs getting to 'Mashinani' as a result of devolved government, I have realised that people lack proper knowledge and how they operate hence loosing their saved money. I would like to educate people here in my region on proper saving and shares handling.
2. Disaster management.  
 With the increased number of <sup>disaster</sup> cases in Budalang'i <sup>ie</sup> outbreak of waterborne diseases, floods and drought. I would be ready to serve my people as this is the most humane thing according to me.
3. Nurse  
 Port Victoria a sub-county hospitals, lack both operational and transport facilities for the emergency cases. These result to my grand-mother's death; after being involved in a tragic road accident. and referred to a higher level hospital he died on the way due to delayed transport and operational servaces. No more of this when I become a nurse.

## D: ESSAY AND MOTIVATION

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

My loved granddaughter during my primary education, life was abit difficult my parents couldn't pay my fee whoever little it was as a result of free primary education. Sometimes I could be sent home for fee but knowing that there was no money at home I could hide under peoplers lockers and desks just to get what was being taught without the teacher noticing. At the standard eight, despite the challenges I managed to score three hundred and ninety seven marks (397). "Another problem again I thought." Luckily, aiducation international paid my fees at the Kenya High School with my dream of joining university of Nairobi I worked hard and finally I managed to score an A and joined the university of my choice. After four years of accounting studies, I graduated with a first class honour distinction. I was first employed at the aiducation international organization as an accountant. I worked satisfactorily solving children's fee problems just as it was for my case several years back and I felt happy that I was helping the needy thou indirectly. I also worked for Busia county government as an accountant and after saving much money, I decided to go back home and educate natives on unaccor proper savings and shares. Till today there has no been anyone losing money due to lack of knowledge in saving. This is because I have opened an institution KHALUSA'S INCOME AND SAVING CO-OPERATION, this is an organisation that educates people on proper saving throughout ~~across~~ the country boosting the economy of the state and the living standard of the people.
