C: CAREER CHOICE AND ADDITIONAL INFORMATION

What are your top three career choices and explain why these could be your career(s) of your choice:

1. Surgeon - many Kenyans die in hospitals for lack of specialised doctors and surgeons. Instead of taking patients outside the country, we could have specialists right here in our country to operate the sick suffering from dangerous diseases.
2. Lecturer - By being a lecturer, I will share my education with those who want to be great and help Kenya once. That will make a generation that Kenya can depend on.
3. Businessman - Doing business all over the country will make Kenya a successful country out of all taxes the government will get.

D: ESSAY AND MOTIVATION

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below

After Seven years of primary striving and struggle, I was called to Ribe Boys High School. Having gotten three hundred and ninety three marks, I was admitted but financial problems became obstacles in my education. Luckily I was introduced to Aiducation Kenya. I got lucky and they sponsored me. I finished my four years at Ribe, got good grades and was called to Kenyatta University. There, I completed my medical degree.

After eight years as a surgeon, we had a case where an infant required a heart transplant. It was due to poor nutrition while in the womb. Despite it being so young and tender, me and my team did my best and it was a successful surgery. That was an exceptional act which made me popular. I travelled far and wide, even to other continents as a specialist.

I worked as a surgeon for more than thirty five years. I then retired and came back to my homeland. Here I built schools and sponsored children to fight illiteracy. Here I am now, hoping you will fears, learn and be even greater than me.

E: EXTRACURRICULAR ACTIVITIES

What do you like doing most and least, during your free time? Which games do you like? What other skills would you like to learn in secondary school?

- During my freetime, I like reading storybooks, watching movies and visiting relatives. I like music the least.
- I also like football and basketball.
- In secondary school, I would ^{like} to learn how to act dramas and plays.
