D: ESSAY AND MOTIVATION

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

First I learned in Kadainuni primary. I used to work hard and when I sat for my K.C.P.E exam I got a mean score of 374. I got an invitation letter to Bahari Girls High School. I was sponsored by the aiducation international. I struggle through all my four years in secondary and in K.C.S.E I got a mean score of B+

Then I join Pwani university and I take an education course. After finishing my studies my first school to start teaching was St. Joseph High School.

At that time, most of the parents in our community were not taking their girls children to school because they say, "A girl can not help them even if they study because they will be married". I sat and come up with a solution to start a project called 'girls education challenge' that help to explain to the parents on the importance of education. At first they say I'm mad but as the time goes they start changing their behaviour one by one. As the years a moving they all change their behaviour and I was proud of my effort and that is why no girl child remain at home while others are going to school.
