**D: ESSAY AND MOTIVATION**

Please imagine you are celebrating your 60th birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?" use space provided below.

When I was in primary school life was not too bad but when I was in class four my father's machines were stolen and things were not good at all. I worked hard so that I can achieve my goal of being a lawyer. I sat for my KEPE and I got 370 marks. I went to Bahari girls high school where I got a scholarship. I learned freely in high school where I end up getting B+

I then joined Maseno university where I studied law so that I can be a lawyer. I worked very hard and got a degree in law.

I worked for 20 years as a lawyer and I ensured that there was no corruption and people were treated fairly. I make sure that people were not paying bribes for them to be employed and laws were being followed by the citizen.

What do you like doing most and least, during your free time? Which games do you like? What other skills would you like to learn in secondary school?
